

Varba

About Us

Varba Industries, based in London, England, is the official distributor of the innovative “Barkkaft Paint” for all of Europe. Our mission is to provide your spaces with a comfortable indoor environment by shielding them from heat and cold.

Our Commitment

We are a dedicated team of 7 professionals, committed to the challenge of establishing “Barkkaft Paint” as an essential solution for a pleasant indoor climate in Europe. Our experts are at your service, providing their knowledge and support.

Our Promise

At Varba Industries, our focus is solely on Barkkaft Paint. We offer unique insulation and color solutions that efficiently regulate temperature, ensuring you experience a cozy indoor atmosphere.

Our Vision

At Varba Industries, we strive to make a sustainable impact on the world by harnessing the transformative technology of Barkkaft, the insulating paint. This unique paint repels heat and cold, offering versatile application possibilities.

Our goal is to establish “Barkkaft” as a leading solution for energy efficiency, reducing operating costs, and contributing to environmental preservation.

Through research and development, we aim to continuously improve and enhance “Barkkaft,” making it more adaptable to meet the needs of our customers.

Together with our partners and clients, we aspire to create spaces where people feel comfortable and protected, regardless of external conditions.

Our passion for “Barkkaft” drives us to shape a sustainable, energy-saving, and comfortable future, making a positive impact on the world.

Distribution in Europe and other countries

Our company is the exclusive distributor of Barkkaft across Europe, Dubai, Qatar, Kuwait, and Saudi Arabia.

As the sole distributors, we strive to establish this groundbreaking technology as the leading solution for insulation and energy efficiency in these regions. Our passion for innovation and dedicated team enable us to offer top-notch products, comprehensive consultation, and efficient deliveries.

Our goal is to promote awareness of the diverse benefits of Barkkaft and drive its adoption in the construction, industrial, and other sectors.

Our pursuit of excellence and customer satisfaction motivates us to unlock the full potential of Barkkaft, reducing operating costs, enhancing quality of life, and making a positive impact on environmental conservation.

About Barkkaft

Barkkaft - the groundbreaking insulating paint that effectively repels heat and cold. Powered by advanced nanotechnology, Barkkaft offers not only superior insulation but also environmental and health benefits.

Barkkaft creates a protective barrier against extreme temperatures, whether it's scorching summer heat or bitter winter cold. Its outstanding insulation capability leads to significant energy savings and reduced operating costs.

Beyond its performance, Barkkaft impresses with its safety. Free from harmful chemicals or toxins, it is safe for health and well-being.

Versatile and reliable, Barkkaft adheres to almost any surface - wood, concrete, metal, and plastic. Whether it's for residential, commercial, or industrial use, Barkkaft provides long-lasting, resilient coatings.

Reduce your ecological footprint and enhance comfort with Barkkaft. Be a leader in energy efficiency and environmental conservation.

Experience the transformative power of Barkkaft - the ideal solution for efficient and eco-friendly insulation. Make a conscious choice, choose Barkkaft!

Application areas

Barkkaft is the ideal solution for a wide range of applications, from interior to exterior facades, metal and wood surfaces, to various materials. With a lifespan of 40-50 years, Barkkaft offers long-lasting and highly effective insulation.

Interior Facades: Barkkaft creates a pleasant indoor environment and enhances energy efficiency in residential buildings, offices, and public facilities.

Exterior Facades: Barkkaft provides reliable protection against weather elements, ensuring pleasant temperatures inside the building.

Metal and Wood Surfaces: Barkkaft can be applied to metal and wood surfaces, offering long-lasting beauty and a protective layer that withstands environmental challenges.

Other Surfaces: Barkkaft is versatile and can be used on concrete, plastic, stone, and more, providing sustainable solutions across different industries.

With a lifespan of 40-50 years, Barkkaft is a long-term investment for efficient and sustainable insulation. Rely on Barkkaft to create a comfortable and energy-efficient environment - today and for generations to come.

Application Methods

At Barkkraft, we offer various application methods to meet your needs. Our insulating paint can be applied using a brush, roller, or spray gun.

Using a spray gun is recommended for efficient and precise work. It saves you time and achieves a smooth, beautiful finish.

For larger surfaces, a roller is suitable, ensuring an even distribution of the paint.

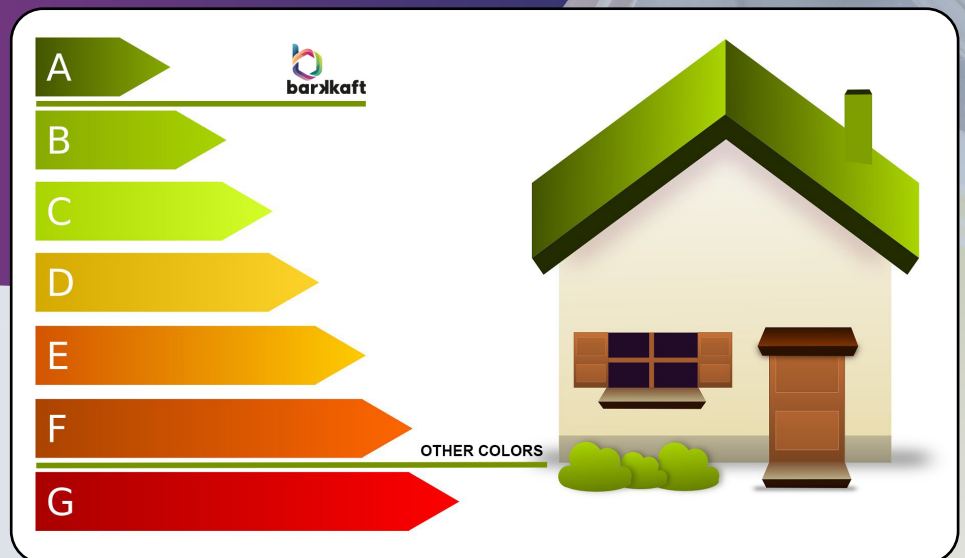

A brush is ideal for detailed work and hard-to-reach areas.

Regardless of the method chosen, Barkkraft adheres firmly to different surfaces, providing a durable and resilient coating.

Rely on Barkkraft for professional results and top-notch insulation. Our team is ready to assist you in selecting the appropriate method for your project. Choose Barkkraft for an impressive finish that is not only functional but also aesthetically appealing.

Low operating costs

Our Barkraft not only offers a cozy ambiance but also makes a valuable contribution to the environment. Through clever color design and innovative technology, we save operating costs and eliminate the need for heating and air conditioning units. The bright, reflective color efficiently utilizes natural daylight, creating a warm atmosphere without the need for additional electricity. Innovative insulation materials keep the Barkraft cool in summer and warm in winter, eliminating the requirement for expensive heating and cooling systems. We take pride in our commitment to sustainability and invite you to experience the welcoming atmosphere of our eco-friendly Barkraft. Together, we are shaping a greener future!

Exclusivity

A technology owned solely by us and our American competitors!

We take immense pride in introducing a groundbreaking technology that is unique and exclusive to both us and our American competitors - Barkkraft, the revolutionary insulating paint.

This pioneering technology sets us apart from our competitors and secures us a prominent position in the industry. Combining advanced nanotechnology with our innovative research expertise, both us and our American counterparts have developed a technology that sets new standards for insulation and energy efficiency.

The extraordinary exclusivity of this technology enables us to showcase Barkkraft as the leading solution for insulation and energy efficiency throughout Europe, Dubai, Qatar, Kuwait, and Saudi Arabia. Our exclusivity empowers us to offer you a solution that surpasses the highest standards and paves the way for a sustainable, comfortable, and eco-friendly future.

We are seeking distribution partners across Europe.

As an innovative company specializing in groundbreaking nanotechnology, we present “Barkkaft” - the revolutionary insulating paint that effectively repels heat and cold. As proud owners of this unique technology, we are in search of dedicated and passionate distribution partners who wish to conquer the European market alongside us.

Our exclusive technology offers countless opportunities and advantages in various industries and applications. We are looking for distribution partners with a strong network and in-depth knowledge of their respective markets, who are ready to spread the transformative power of Barkkaft.

As a distribution partner, you will have the opportunity to be part of a forward-thinking company that makes a positive contribution to energy efficiency and environmental protection. With Barkkaft, you can provide your customers with a high-quality and sustainable solution that reduces their operating costs and enhances the comfort of their spaces.

Our dedicated team will support you with comprehensive training and assistance to ensure that you are well acquainted with our product and can thrive in your distribution area.

If you are interested in becoming a part of our success story and joining us in revolutionizing the insulation industry, do not hesitate to apply as a distribution partner.

Join us and shape the future of energy efficiency across Europe. Together, we can create a sustainable and comfortable environment, unleashing the potential of Barkkaft in diverse markets. Contact us today and become part of our dynamic team as a distribution partner for Barkkaft!
